

## ROOSEVELT IMPROVED, PHYSICIANS DECLARE

**Danger Not Passed, However, Before the Latter Part of the Week--Bullet Fractures Rib--Sleeps Well**

CHICAGO, Oct. 17. (Thursday) The bullet wound inflicted in Col. Theodore Roosevelt's chest at Milwaukee Monday night, it was announced tonight for the first time, is healing normally without infection.

The statement that no complications have shown themselves was made after a day during which the first successful ray picture was taken of the wound.

A description of the wound was given tonight by Dr. W. B. McCauley, the first to be made public by the surgeons. He said the bullet's path through the muscles of the chest is lacerated to some extent, but that there was little contusion and no tension came of bruised and extravasated surrounding tissues.

The bullet has not mushroomed, as might have been expected, said Dr. McCauley. "For that reason, it is a comparatively small hole in the skin. It did not reduce a large portion of the nearby tissues to pulp, as is the case in a soft bullet that mushrooms. The bullet after it hits a bone, it is the bundle of papers checked it. The spectacle case for some reason led to spread the bullet much."

All Signs Hopeful.  
The wound is about big enough to put your finger in at the surface, and does not appear to get very much deeper. I would call it a clean wound. The skin is torn at the surface in a jagged way, but not badly, and there is little bruising.

There is not a sign of suppuration of the wound. The flesh is in good condition and seems to be healing about evidence of complication. It is very pure forming deep in the wound, we would know it at once by an unusual rise of temperature.

Dr. McCauley added that it is now plain from the X-ray pictures that a bullet had not entered or injured a pleural cavity. He confirmed previous announcements that no attempt would be made at present to remove a bullet, which is not expected to hinder the healing of the fractured rib. His temperature was 98.4; his pulse, 84; his respiration, 18. This is a case of two bullets and two counts respiration since the official bulletin issued at 10 o'clock last night. After a record was taken, the colonel said would go to sleep again. He had been asleep since 11 o'clock.

Had "a Bully Sleep."  
Colonel Roosevelt awoke at 2 o'clock and told the nurse that he "had had a bully sleep."

When it came time to take his temperature at 1 o'clock this morning, Colonel Roosevelt was found asleep. He had been asleep since shortly after 11 o'clock. At that time he was visited by Dr. McCauley, the house surgeon. Dr. McCauley told the colonel that he tended to get in seven good hours' sleep.

A rise in temperature and pulse late in the day, however, made his condition for the time being somewhat less favorable.  
The fact that a rib was fractured, which was not disclosed until today, led to the feeling of uncertainty. Not before Friday, it all goes well. If the physicians are prepared to say at their patient is out of danger, an intervening period will be required to determine whether blood poisoning or other complications are to be feared. Theodore Roosevelt, Jr., after a talk with his father, and a consultation with the attending surgeons, expressed feelings of those about the expression.

## BOSTON WINS WORLD'S CHAMPIONSHIP SERIES

**Tenth Inning in Eighth Game of Hard Fought Series Gives Victory to American League Leaders**

BOSTON, Oct. 16.—The Boston Red Sox, pennant winners of the American league, are the world's champions of 1912, defeating the New York Nationals today, 3 to 2, in 10 innings. They captured their fourth victory of the world's series and carried off the premier honors in baseball.

The Giants won three games of the series that were played before more than a quarter of a million people and a contest was a tie.  
Today's was a game of excitement and changing emotions for the 17,000 spectators who went to Fenway park to see the teams meet in the deciding contest. Not until twilight had fallen the tenth inning did Red Sox pitcher, D. Yarker, flash over the plate with a winning run.

Terrific Pitching Duel.  
Nine innings of a pitching duel between the master boxman of the series, Christy Mathewson, and the brilliant Boston "Smoky Joe" Wood for the Red Sox found the two boxmen in a championship battle in a tight game.  
Into the tenth inning, the contest was a tie. The Giants called the honor the Boston crowd by scoring a run.

## BORDER BATTLE LASTS 10 DAYS

**TURKISH ARMY SUFFERS  
HEAVY LOSSES**

**Frightful Conditions Prevail in Captured Town Stream of Wounded Pass In**

PODGORITZA, Montenegro, Oct. 16.—The Montenegrins have captured Berana after 10 days' fighting. Seven hundred Turkish soldiers were made prisoners, 14 guns were taken, together with large quantities of ammunition and provisions. In the final attack the Montenegrins had 10 men killed and 81 wounded. General Martinovich, after a short engagement, today occupied the fortified section of Mount Moutitch, opposite Tarabozha.

The surrender of Berana to the Montenegrin forces was preceded by the severest fighting. Seven thousand Turks and Albanians made their escape, but 1,200 men, 14 guns and two months' supplies were captured.  
Under cover of darkness last night the Montenegrins stormed two important positions on Rogozna heights, and captured two Krupp guns, with ammunition. During the night they entrenched themselves, and the battle was resumed early in the morning.

Raise White Flag.  
In the meantime a Montenegrin division under General Vukotich broke through the Turkish lines to the east. When the garrison commanders saw they were completely surrounded, they sent up the white flag.

At 11 o'clock in the morning, when the first Montenegrin detachment marched into Berana, they found that during the night 4,000 Turkish regulars and 3,000 Albanians had made good their retreat.  
All that remained were 700 Nizams and 500 Redifs. Twelve Krupp field guns and a large quantity of ammunition were found intact.

Before making his formal entry, General Vukotich, with his staff, held a solemn religious service in celebration of the victory. Prayers were offered for the continued success of the Montenegrin army.

Terrible Conditions Prevail.  
LONDON, Oct. 17.—Large bodies of Serbian troops have been sent across the Bulgarian border to join the Bulgarian army, says a dispatch from Nisch.

Describing the terrible condition of the hospital at Tusha, a Podgoritza correspondent says that a hundred wounded men are lying in the streets.

## HENDERSON HEADS STATE ASSOCIATION

**State Organization Acts on  
Many Matters at Its Annual Meeting**

A. W. Henderson, secretary of the Colorado Springs Chamber of Commerce, was yesterday elected president of the Colorado Association of Commercial Executives at the annual meeting of that organization held in Denver. Henderson was secretary-treasurer of the association during the year just closed.

The state body transacted a great deal of business at the meeting yesterday, which it is expected will prove of benefit to Colorado. Among the resolutions adopted were the following:

Pledging the cooperation of the commercial organizations of the state for the suppression of false and worthless advertising and similar schemes.  
Indorsing a bill for the support of the state fair at Pueblo.

Declaring against the "school house and social center" amendment.

Indorsing the bill creating a fund for the state board of immigration to advertise the resources of Colorado.

Urging secretaries of all commercial organizations to compile accurate statistics of Colorado's crop production in 1912.

Condemning the public utilities bill, alleged to have been initiated by labor bodies of the state.  
Recommending a law requiring the gathering of accurate statistics annually by each county of its products.

Among the features of the meeting was the debate on the practicality and desirability of the movement for a 1-cent letter postage. The association took no action on the question. The annual report of the secretary-treasurer showed much accomplished during the last year in the matter of state-wide publicity campaigns, membership increase, removal of "band" organizations, agricultural development and conservation of retail merchants' problems, anti-trust legislation, fire insurance rates investigation, advancement of good roads and the publication of a state automobile book.

Trinidad was selected for the next meeting to be held in January, 1913, and a committee appointed to revise the constitution and bylaws of the association.  
Other officers elected yesterday were as follows: E. J. McMahon, secretary of the Trinidad chamber of commerce, Trinidad; J. F. McCreary, Greeley; and George H. Raymond, Durango, vice presidents; and J. P. Redmond, Denver, secretary-treasurer. The officers, together with J. H. Jenkins of Pueblo, the retiring president, constitute the executive committee.

## SLUGS WITNESS DYNAMITE TRIAL

**District Attorney Calls Upon  
U. S. Attorney General  
to Investigate**

NEW YORK, Oct. 16.—When this sensation blows over, the public will give me a pension for killing that crook, Rosenthal.

Those are the words attributed to Police Lieutenant Charles Becker, by James D. Hallen, a fellow prisoner in the Tombs, at today's session of Becker's trial on the charge of instigating the murder of Herman Rosenthal, the gambler, who "squealed" against him.

Hallen was one of 15 witnesses who testified today for the state. Assistant District Attorney Moss announced, when adjournment was taken, that he had only one or two more witnesses to call to complete the case for the people.

Mrs. Rosenthal on Stand.

Mrs. Herman Rosenthal, widow of the gambler, the first witness of the day, testified that Lieutenant Becker, her husband's alleged partner in his gambling house, had said to her on the occasion of a raid he had made on the establishment.

"It's either Herman or me," which is the so-called "fake" raid, which the prosecution claims was forced on Becker by his superior officers. Mrs. Rosenthal testified also, that when she came to bury her husband she had only \$100 "to her name"—all that had been left her by Rosenthal.

This was a bit of testimony elicited by the state with intent to spike the guns of Becker's defense.

Refutes "Silence" Money Story.  
"We introduce this," said Assistant District Attorney Moss, "because it has been claimed by the defense that gamblers gave Rosenthal \$25,000 or some such sum to insure his silence."

Members of the household of Jack Rose, Becker's graft collector, told of frequent visits of the accused police official to "Bald Jack's" home. Rose, a Swedish maid, swore that Becker was accustomed to breakfast with her mother nearly every day since Christmas.

Two rafters from the Union Square hotel told of frequent meetings between Rose and Becker in the hotel dining room, when they talked a long time. One of the waiters said he saw Rose pass the police lieutenant "a roll of bills."

James D. Hallen testified that last August, while he was an inmate of the

## CALL STATE POLICE TO QUELL RIOTERS

**Governor Oddie of Nevada  
Takes Charge Situation  
in Strike Center**

ELY, Nev., Oct. 16.—Gov. Tasker L. Oddie telegraphed Captain Donnelly of the Nevada state police to gather an emergency force of men tonight and to proceed at once to McGill, where several thousand mill and smelter employees are on strike. Governor Oddie decided to call on the state police after he made an inspection of the camp today.

Several thousand strikers listened to an address by Governor Oddie at McGill today. He urged the men not to break the law and advised them that acts of violence would not be tolerated. The men left the vicinity of the smelters after the governor finished his speech and there has been no repetition of the rioting this morning, when guards and strikers engaged in a free-for-all fight.

The camp is peaceful tonight. Sheriff Crain has increased his force and said he would be able to control the situation with the aid of the state police, who will arrive tomorrow night. No one was injured in the rioting today.

Strikers Take Provisional Wagon.

McGILL, Nev., Oct. 16.—Two wagons loaded with provisions for the men working within the Steptoe smelter inclosure were attacked by strikers this morning. The teams were stampeded, clubs were used freely and several shots fired, but no one was injured seriously. Sheriff Crain declined to appear as deputies a carload of men brought here this morning from Salt Lake to act as guards of the works and the car was sent on to Ely.

State Police to McGill.

RENO, Nev., Oct. 16.—A message from Governor Oddie at Ely was received by Capt. J. P. Donnelly, superintendent of state police at Carson, ordering him to proceed immediately with his available men to Ely. Captain Donnelly will leave Reno tomorrow night.

Bingham Mines Working.

BINGHAM, Utah, Oct. 16.—Eighty-five carloads of ore were shipped to the mills and concentrating plants from here today. This was the heaviest day's shipment since the mines were closed down by a strike a month ago. There are now about 600 strikebreakers working at the various mines here and it is said this force will be increased tomorrow. The strikers have made no attempt to interfere with the operation of the mines.

## POLICE STILL HUNT FOR MISSING GIRL

**No Trace of Maud Jenkins  
Who Disappeared Here  
Week Ago**

Mystery still surrounds the disappearance of Miss Maud Jenkins of Canon City, in Colorado Springs, while on her way to Cripple Creek to visit her father, Evan Jenkins. Although the police authorities, the family and friends have instituted a thorough investigation, no tangible clue has been discovered that will lead to finding the girl. The theory that she has met with violence or has been spirited away is strengthened, although no motive can be assigned.

A slender clue that developed yesterday only led to deeper mystery. It was learned that the girl, upon alighting from a northbound Denver & Rio Grande train last Thursday morning, went to the Alamo hotel. During the day she visited dry goods and millinery establishments and purchased a new hat and gown. Later in the afternoon she forwarded her suit case to her father in Cripple Creek, mailing him the check. She did not receive any visitors nor was she seen in the company of any one while in the city. She left the hotel Friday morning, without informing employees as to her destination. The girl appeared cheerful and happy.

W. H. Smith, uncle of the girl, returned to his home in Canon City yesterday after a hopeless search for her. He can assign no motive for the disappearance, as he said that his niece had not a trouble but was surrounded with everything that would contribute to her happiness. She was an experienced traveler and always had been abundantly supplied with money. She left Canon City with \$30 for the trip to Cripple Creek.

MISSOURI PROGRESSIVES  
UPHELD BY SUPREME COURT

JEFFERSON CITY, Mo., Oct. 16.—The supreme court today unanimously upheld the right of the Progressive party to have its state and presidential elector tickets placed upon the official ballot.

AUTO CAUSES RUNAWAY;  
THEN PRISONER ESCAPES

By causing a horse to run away an automobile yesterday aided H. H. Kinwood in a daring and successful escape from Constable Edward Payton yesterday afternoon in front of a pool hall at 105 South Teton street.

Kinwood was under arrest on a charge of stealing a suit of clothes from W. W. Robinson. When the authorities granted him permission to adjust the trouble, Kinwood was taken up town in a buggy by Constable Payton. He requested that they stop at the pool hall, where he said he would find a friend who would lend him some money.

Kinwood alighted from the buggy as an automobile passed, and the horse, frightened by the noise started on a run up the street. When Constable Payton had the horse under control and drove back to the pool hall Kinwood had vanished.

TRAINMEN FIND DEAD  
MAN NEAR PIKE VIEW

At midnight last night the coroner's office was notified that a passing train crew saw a dead man lying beside the Santa Fe tracks near Pike View, about seven miles north of Colorado Springs. The coroner's assistants left for the scene with an ambulance, expecting to reach here on the return trip about three hours later. The station agent at Pike View made no examination of the body, and at the time of going to press this morning there was no information as to the man's identity. At the Pike View mines it was said that no one was missing so far as could be learned.

CHICAGO'S REGISTRATION  
FOR PRESIDENT, 445,075

## MEXICO PLANS TO UNSEAL MADERO

**Plot Discovered That Scheme  
Is Under Way to Oust  
the President**

EL PASO, Tex., Oct. 16.—Planning of a comprehensive scheme to oust Francisco I. Madero, Jr. from the presidency of Mexico appears to be under way. It was made known today that overtures have been made from Mexico City to Madero's government here of Basilio Orozco, Jr., leader of the rebel movement in the north.

Also, it is learned from secret service sources, that an emissary is on his way to Paris to see Porfirio Diaz, president of Mexico before the Madero revolution.

Departure of the messenger to Paris was almost synchronous with the arrival from Mexico City of another emissary bearing word to the rebel "junta" here from what is said to be a revolutionary element at the national capital. It was said today on highest authority that Felix Diaz, who has risen in arms against the Madero government, is one of five men already named as presidential candidates to succeed Madero.

New Plan Is Unique.  
The new revolutionary party, said rebel leaders here, who for obvious reasons withhold their names, will be unique in Mexico in that it will champion no one man, leaving the selection to popular vote or to some committee to be chosen from the many warring elements in Mexico.

A running mate for each of the five secretly named candidates has been selected. The names of the others will be withheld until their announcement may not affect their personal safety.

NAT GOODWIN IN  
LIMELIGHT AGAIN

SAN DIEGO, Cal., Oct. 16.—Charles N. Doughty of this city, began suit today against Nat L. Goodwin, the actor, for \$25,000, alleging alienation of the affections of Mrs. Doughty, known on the stage as Margaret Moreland. Doughty refused tonight to discuss the action.

DENVER MAN DIRECTOR  
FOR PACIFIC EXPOSITION

SAN FRANCISCO, Oct. 16.—Frank Burk, an amusement promoter of Denver, was appointed today director of concessions and admissions of the Panama-Pacific international exposition.

QUIET PREVAILS AT  
WYOMING PRISON

RAWLINS, Wyo., Oct. 16.—Quiet prevails today at Rawlins, for the first time since the sensational jail break of Saturday and Sunday afternoon. Extra guards patrol the corridors of the penitentiary, and the prisoners are confined closely to their cells. Fugitives are gradually being rounded up at distances from 25 to 60 miles.

Marshal Hayes today declared that the last of the escaping convicts would be in the penitentiary by tomorrow night or be dead.

A posse headed by the marshal is trailing Richardson, Burke and Backstrom, and an unnamed fugitive, south-west from the Standard ranch, 25 miles from Rawlins. He reports locating two more at the Via place, 20 miles from here.

### Easy and Sure Way to Cure Colds

A cold generally attacks the weaker part, affecting the eyes and ears, in some and producing nasal catarrh and throat troubles in others. A cold is due to an inflammation of the membrane lining the air passages, and may be promptly cured with a Little Ely's Cream Balm, which immediately relieves the inflammation and all the distressing symptoms, such as sneezing, coughing, running at the nose and eyes, hoarseness, sore throat, fever and headache. One reason why this pure antiseptic balm acts so quickly is because it is applied directly to the tender, sore surfaces.

Even in severe, chronic cases of catarrh of the nose, throat, and lungs, the balm acts quickly, clearing the head and throat, causing the discharging phlegm, sputum and blowing of the nose. This remedy not only drives out the disease, but builds and strengthens the weakened membranes, thus ending catarrh.

Catarrh is a filthy, disgusting disease. Don't put up with it another day. Get a 50-cent bottle of Ely's Cream Balm, from your druggist and see how quickly you will be relieved. It is perfectly harmless. Agents, The Robinson Drug Co.

### COLO. CITY HIGH SCHOOL TO HAVE FOOTBALL TEAM

Colorado City High school is to have a football team this fall, work already being under way with about 18 men out for practice every night. John Brewer has been elected captain, and a schedule will be arranged in the near future. It is hoped to have most of the games played on the grounds at first and Jackson, at the northeast edge of town.

The schedule for the basketball team has not been arranged as yet. Because of standing contracts, it will probably be impossible to secure Macke hall for the games, but negotiations are under way for another floor.

### I QUOR CASE UP NOV. 11

The contest of the election April 4, 1911, when Colorado City remained "wet", by one vote, and which has been pending in the court of appeals for some time, has been set for argument on its merits for 10 o'clock on the morning of November 11, according to notice received here by J. P. Jackson, attorney for the "drys." The case was carried to the supreme court on a writ of error by the wets when the local district court declared certain votes illegal and held that Colorado City had gone dry by three votes. The supreme court granted a supersedeas allowing the saloons to run until the case is finally decided. The case was transferred to the court of appeals to help relieve the supreme court docket.

Douglas Fine Chocolates for those who care for C. M. Sherman. Adv.

M. E. Henderson leaves tomorrow night for a visit in Los Angeles.

A dance was given last night at Macke hall by the ladies of St. Mary's church.

Three men were fined \$5 and costs each in police court yesterday for drunkenness.

A business meeting of the Woman's guild of the Church of the Good Shepherd will be held at 3 o'clock this afternoon at the rectory.

An automobile ambulance, electric lighted and heated, to cost \$3,700, has been ordered by the Boone Undertaking company and will be delivered here in seven weeks.

In order to raise money to pay for the piano at the church, the Central Christian church choir has arranged for a concert to be given at the church next Saturday by Bryon's Troubadours.

Harry Collins, said to be a cook, was arrested yesterday by Constable Cruts on a warrant issued from Justice Paulkner's court, charging vagrancy, and is held in the city jail. He will have a hearing today.

A new plank flooring has been put in on the bridge over Fountain creek at First street, near the Golden Cycle mill and the Midland shops. The approaches to the bridge also have been graveled. The work was done by the county, the bridge being just outside the city limits.

A local chapter of the Royal Arch Masons, to be known as Euclid chapter No. 15, will be installed Saturday night, beginning with a banquet at 8:30 o'clock in Masonic hall. Among those officiating will be Frank Bishop, grand high priest, and C. H. Jacobson, grand secretary.

Delay in getting in the payrolls, due to the large number of men at work, prevented the Colorado Midland railroad from paying its employees yesterday. The delay, however, will be short, and pay day probably will be tomorrow. Twenty men who have been employed in addition to the usual force in the various mechanical departments of the shops were laid off yesterday. The remains of engine No. 201, which exploded last week at Sellar, 155 miles west of here, were brought to this city yesterday. The engine will be rebuilt at the local shops.

## ROOSEVELT IMPROVED, PHYSICIANS DECLARE Danger Not Passed, However, Before the Latter Part of the Week--Bullet Fractures Rib--Sleeps Well

CHICAGO, Oct. 17. (Thursday) The bullet wound inflicted in Col. Theodore Roosevelt's chest at Milwaukee Monday night, it was announced tonight for the first time, is healing normally without infection.

The statement that no complications have shown themselves was made after a day during which the first successful x-ray picture was taken of the wound.

A description of the wound was given tonight by Dr. W. B. McCauley, the first to be made public by the surgeons. He said the bullet's path through the muscles of the chest is lacerated to some extent, but that there was little contusion and no tension came of bruised and extravasated surrounding tissues.

The bullet did not mushroom, as has been expected, said Dr. McCauley. "For that reason, it is comparatively small hole in the skin. It did not reduce a large portion of the nearby tissues to pulp, as is the case in a soft bullet that mushrooms.

There is not a sign of suppuration of the wound. The flesh is in good condition and seems to be healing without evidence of complication. There were pus forming deep in the wound, but we would know it at once by an unusual rise of temperature.

Dr. McCauley added that it is now certain from the x-ray pictures that a bullet has not entered or injured a pleural cavity. He confirmed previous announcements that no attempt would be made at present to remove a bullet which is not expected to hinder the healing of the fractured rib.

Dr. McCauley, the house surgeon, was told by the colonel that he intended to get in seven good hours' sleep.

A rise in temperature and pulse late in the day, however, made his condition, for the time being, somewhat less favorable.

The fact that a rib was fractured, which was not disclosed until today, added to the feeling of uncertainty. Not before Friday, if all goes well, will the physicians be prepared to say that his patient is out of danger.

It was learned today that the x-ray photograph, which was taken in Milwaukee a few hours after Colonel Roosevelt was shot, did not show accurately the location of the bullet, and another photograph was taken this afternoon.

The plate definitely shows the bullet, partly imbedded in a fracture in the fourth rib, about four inches from the sternum. The bullet is much flattened and spread out of shape. It is crushed into the upper edge of the rib. Several small splinters of bone project near it. The radiologists are of the opinion that the bullet is in the rib.

## BORDER BATTLE LASTS 10 DAYS TURKISH ARMY SUFFERS HEAVY LOSSES

Frightful Conditions Prevail in Captured Town Stream of Wounded Pass In

PODGORITZA, Montenegro, Oct. 16.—The Montenegrins have captured Berana after 10 days' fighting. Seven hundred Turkish soldiers were made prisoners. 14 guns were taken, together with large quantities of ammunition and provisions. In the final attack, the Montenegrins had 10 men killed and 31 wounded. General Martinovich, after a short engagement, today occupied the fortified section of Mount Moutitch, opposite Taraboch.

The surrender of Berana to the Montenegrin forces was preceded by the severest fighting. Seven thousand Turks and Albanians made their escape, but 1,200 troops, 14 guns and two months' supplies were captured.

Under cover of darkness last night the Montenegrins stormed two important positions on Rogozica heights, and captured two Krupp guns, with ammunition. During the night they entrenched themselves, and the battle was resumed early in the morning.

Raise White Flag.  
In the meantime a Montenegrin division under General Vukotich broke through the Turkish lines to the east. When the garrison commanders saw they were completely surrounded, they sent up the white flag.

At 11 o'clock in the morning, when the first Montenegrin detachment marched into Berana, they found that during the night 4,000 Turkish regulars and 3,000 Albanians had made good their retreat.

All that remained were 200 Nizams and 500 Redifs. Twelve Krupp field guns and a large quantity of ammunition were found intact.

Before making his formal entry, General Vukotich, with his staff, held a solemn religious service in celebration of the victory. Prayers were offered for the continued success of the Montenegrin army.

Terrible Conditions Prevail.  
LONDON, Oct. 17.—Large bodies of Serbian troops have been sent across the Bulgarian border to join the Bulgarian army, says a dispatch from Nisch.

Describing the terrible condition of the hospital at Tush, a Podgoritza correspondent says that a hundred wounded men are lying in the streets.

## SLUGS WITNESS DYNAMITE TRIAL

District Attorney Calls Upon U. S. Attorney General to Investigate

GAVE VALUABLE EVIDENCE  
Man Gives Up Self in Chicago, Declaring That He Is a Dynamiter

INDIANAPOLIS, Oct. 16.—United States District Attorney Charles W. Miller tonight telegraphed Attorney General Woodruff, asking the department of justice to make a right investigation of the alleged slugging at Kansas City, Mo., of S. E. Pearce, who testified Monday in a case for the government in the dynamite conspiracy trial.

When shown a message from Kansas City, Mr. Miller said he had been informed and asked for a warrant in his sending to Washington a request for an investigation of the slugging.

"At the beginning of the trial we would have no chance of obtaining any reliable evidence," said Mr. Miller. "Pearce came here, under suspicion from the government, and neither he nor any other witness is to be molested on account of any testimony he might have given."

The district attorney's telegram asked for a vigorous federal investigation for the purpose of determining the perpetrators of the outrages.

Pearce, Important Witness.  
Pearce, who was a clerk in a Kansas City hotel, in his testimony identified Orde R. McDaniel as having registered at the hotel on August 20, 1912, as J. W. McGowan. St. Louis, Mo., he said, had remained at the hotel three days, leaving on the day the dynamite exploded.

While Pearce was on the stand only a short time, and merely identified McDaniel, his testimony was said by government attorneys to be important in connection with other details of the dynamite conspiracy.

Held Conference in K. C.  
The government announced it would hold a conference in Kansas City, Mo., on Monday, Oct. 22, concerning proposed Pacific coast exposures. According to the government's intention, James H. McNamee, W. B. Brown, an iron worksman, and a Kansas City man, first here, and a citizen whose name was not given, were about proposed jobs to be given.

The district attorney asserted that McNamee and Brown were the "dynamite" men. The loss of money in it for them, and the fact that the prosecution of the case was going to blow in the face of the Los Angeles trial, but that the Kansas City men refused to quit the conspiracy.

Man Implicates Self.  
CHICAGO, Oct. 16.—Declaring that he applied to the syndicate the Los Angeles Times, and was guilty of other bomb threats, John Cook appeared before officials in the department of justice today, and begged to be taken into custody, and to be held in a federal prison.

SCHRAUNK FEELS NO  
REMORSE FOR ATTACK  
ON COL. ROOSEVELT

MILWAUKEE, Wis., Oct. 16.—John Schraunk, would-be slayer of Theodore Roosevelt, today showed no remorse for his attack, nor fear for the consequences.

He had a good night's rest in a cell in the county jail, to which he was transferred after being arraigned in the district court yesterday.

"Schraunk was asked at 10:30 last night," said Sheriff William A. Arnold, "he slept throughout the night as an ordinary person, and his actions are similar to those of the common prisoners."

He ate, as breakfast, composed of the usual prison fare, at the regular hour, and seemed to have a better appetite than on yesterday morning.

The assistant of the former president is occupying a cell in "B" section, it being the second section of three tiers of cells. He says he is through talking to newspaper men or anyone else, for the present, and refuses to make any further comment on his attempt on the former president's life.

## "EITHER HERMAN OR ME"--BECKER STATEMENT WIFE SLAIN GAMBLER

Tombs Prisoner Gives Some Damaging Testimony in Murder Trial

NEW YORK, Oct. 16.—"When this sensation blows over, the public will give me a pension for killing that crook, Rosenthal."

Those are the words attributed to Police Lieutenant Charles Becker, by James D. Hallen, a fellow prisoner in the Tombs, at today's session of Becker's trial on the charge of instigating the murder of Herman Rosenthal, the gambler, who "squeaked" against him.

Hallen was one of 15 witnesses who testified today for the state. Assistant District Attorney Moss announced, when adjournment was taken, that he had only one or two more witnesses to call to complete the case for the people.

Mrs. Rosenthal on Stand.  
Mrs. Herman Rosenthal, widow of the gambler, the first witness of the day, testified that Lieutenant Becker, her husband's alleged partner in his gambling house, had said to her on the occasion of a raid he had made on the establishment.

"Either Herman or me," said Becker, when the prosecution claims was forced on Becker by his superior officers. Mrs. Rosenthal testified, also, that when she came to bury her husband, she had only \$100 "in her name"—all that had been left her by Rosenthal.

This was a bit of testimony elicited by the state with intent to spike the guns of Becker's defense.

Refutes "Silence" Money Story.  
"We introduce this," said Assistant District Attorney Moss, "because it has been claimed by the defense that gamblers gave Rosenthal \$25,000 or some such sum to insure his silence."

Members of the household of Jack Rose, Becker's graft collector, told of frequent visits of the accused police official to "Bald Jack's" home. Rose's Swedish maid swore that Becker was accustomed to breakfast with her master "nearly every day, since Christmas."

Two waiters from the Union Square hotel told of frequent meetings between Rose and Becker in the hotel dining room, when they talked a long time. "One of the waiters said he saw Rose pass the police lieutenant 'a row of miles'."

James D. Hallen testified that last August, while he was an inmate of the Tombs, he saw Becker.

## CALL STATE POLICE TO QUELL RIOTERS Governor Oddie of Nevada Takes Charge Situation in Strike Center

ELY, Nev., Oct. 16.—Gov. Tasker L. Oddie telegraphed Captain Donnelly of the Nevada state police to gather an emergency force of men tonight and to proceed at once to McGill, where several thousand mill and smelter employees are on strike. Governor Oddie decided to call on the state police after he made an inspection of the camp today.

Several thousand strikers listened to an address by Governor Oddie at McGill today. He urged the men not to break the law and advised them that acts of violence would not be tolerated.

The men left the vicinity of the smelters after the governor finished his speech, and there has been no repetition of the rioting this morning when guards and strikers engaged in a free-for-all fight.

## POLICE STILL HUNT FOR MISSING GIRL No Trace of Mand Jenkins Who Disappeared Here Week Ago

Mystery still surrounds the disappearance of Miss Mand Jenkins, 19, daughter of Canon City, Colo., who disappeared on her way to Cripple Creek to visit her father, Evan Jenkins. Although the police authorities, the family and friends have instituted a thorough investigation, no tangible clue has been discovered that will lead to finding the girl.

The theory that she has met with violence or has been spirited away is strengthened, although no motive can be assigned.

A slender clew that developed yesterday only led to deeper mystery. It was learned that the girl, upon alighting from a northbound Denver & Rio Grande train last Thursday morning, went to the Alamo hotel. During the day she visited dry goods and millinery establishments and purchased a new hat and gown. Later in the afternoon she forwarded her suit case to her father in Cripple Creek, mailing him the check. She did not receive any visitors nor was she seen in the company of any one while in the city.

She left the hotel Friday morning, without informing employees as to her destination. "The girl appeared cheerful and happy," W. H. Smith, uncle of the girl, returned to his home in Canon City yesterday after a hopeless search for her. He can assign no motive for the disappearance, as he said that his niece had not a trouble but was surrounded with everything that would contribute to her happiness.

She was an experienced traveler and always had been abundantly supplied with money. She left Canon City with \$30 for the trip to Cripple Creek.

## MISSOURI PROGRESSIVES UPHELD BY SUPREME COURT JEFFERSON CITY, Mo., Oct. 16.—The supreme court today unanimously upheld the right of the Progressive party to have its state and presidential elector tickets placed upon the official ballot.

## AUTO CAUSES RUNAWAY; THEN PRISONER ESCAPES

By causing a horse to run away an automobile yesterday added to the word in a daring and successful escape from Constable Edward Payton yesterday afternoon in front of a pool hall at 105 South Teton street.

Kinwood was under arrest on a charge of stealing a suit of clothes from W. W. Robinson. When the authorities granted him permission to adjust the trouble, Kinwood was taken up town in a buggy by Constable Payton. He requested that they stop at the pool hall, where he said he would find a friend who would lend him some money.

Kinwood alighted from the buggy as an automobile passed, and the horse, frightened by the noise, started on a run up the street. When Constable Payton had the horse under control and drove back to the pool hall Kinwood had vanished.

## TRAINMEN FIND DEAD MAN NEAR PIKE VIEW

At midnight last night the coroner's office was notified that a passing train crew saw a dead man lying beside the Santa Fe tracks near Pike View, about seven miles north of Colorado Springs. The coroner's assistants left for the scene with an ambulance, expecting to reach here on the return trip about three hours later. The station agent at Pike View made no examination of the body, and at the time of going to press this morning there was no information as to the man's identity.

At the Pike View mines it was said that no one was missing so far as could be learned.

## CHICAGO'S REGISTRATION FOR PRESIDENT, 445,075

CHICAGO, Oct. 16.—Chicago's registration for the presidential election, which was completed last night, shows a total of 445,075, or an increase of 55,644 over the total four years ago.

## LAST DAY TO REGISTER

Today is the last day when voters in Colorado Springs may register for the election November 5. Voters may register in their respective precincts where the polls will be open from 9 o'clock this morning until 9 o'clock tonight.

## MEXICO PLANS TO UNSEAL MADERO

Plot Discovered That Scheme Is Under Way to Oust the President

## NEW PARTY BEING FORMED Emissary on Way to Paris to Confer With Former Ruler of Republic

EL PASO, Tex., Oct. 15.—Planning of a comprehensive scheme to oust Francisco I. Madero, Jr., from the presidency of Mexico appears to be under way. It was made known today that overtures have been made from Mexico to Madero's government.

Also, it is learned from secret sources, that an emissary is on his way to Paris to see Porfirio Diaz, president of Mexico before the Madero revolution.

Departure of the messenger to Paris was almost synchronous with the arrival from Mexico City of another emissary bearing word to the rebel "Junta" here from what is said to be a revolutionary element at the national capital. It was said today on highest authority that Felix Diaz, who has risen in arms against the Madero government, is one of five men already named as presidential candidates to succeed Madero.

New Plan is Unique.  
The new revolutionary party, said rebel leaders here, who for obvious reasons withhold their names, will be unique in Mexico in that it will champion no one man, leaving the selection to popular vote or to some committee to be chosen from the many varying elements in Mexico.

A running mate for each of the five secretly named candidates has been selected. The names of the others will be withheld until their announcement may not affect their personal safety.

## NAT GOODWIN IN LIMELIGHT AGAIN

SAN DIEGO, Cal., Oct. 16.—Charles N. Doughty of this city, began suit today against Nat C. Goodwin, the actor, for \$25,000, alleging alienation of the affections of Mrs. Doughty, known on the stage as Margaret Moreland. Doughty refused tonight to discuss the suit.

## DENVER MAN DIRECTOR FOR PACIFIC EXPOSITION

SAN FRANCISCO, Oct. 16.—Frank Burk, an amusement promoter of Denver, was appointed today director of concessions and admissions of the Panama-Pacific international exposition.

## QUIET PREVAILS AT WYOMING PRISON

RAWLINS, Wyo., Oct. 15.—Quiet prevailed today at Rawlins for the first time since the sensational jail break of Saturday and Sunday afternoon. Extra guards patrol the corridors of the penitentiary, and the prisoners are confined closely to their cells. Fugitives are gradually being rounded up at distances from 25 to 60 miles.

Marshal Hayes today declared that the last of the escaping convicts would be in the penitentiary by tomorrow night or be dead.

A posse headed by the marshal is trailing Richardson, Burke and Backstrom, and an unnamed fugitive, southeast from the standard ranch, 25 miles from Rawlins. It is expected to reach the Via Verde, 20 miles from here.

It is certain that numbers of such

**DIAZ CAPTURES  
CITY VERA CRUZ**

**BANNER OF REBELLION  
IS AGAIN RAISED**

President Madero Dispatches  
Force of 3,000 Regulars  
Against Uprising

MEXICO CITY, Oct. 16.—Gen. Felix  
Diaz, nephew of Gen. Porfirio Diaz,  
the deposed president of Mexico, raised  
the banner of rebellion at Vera Cruz  
today. He entered the city with 500  
men and seized the arsenal and garri-  
son, which comprised 500 of the Twen-  
ty-first infantry and one six-gun bat-  
tery.

Diaz then placed men in charge of  
the two gunboats, Tampico and  
Brava, lying in the harbor.

**Mexicans Elated.**

The news of the rising created ex-  
citement here, although there were no  
street demonstrations. Mexicans gen-  
erally appeared elated at the new de-  
velopment. According to reports, Gen-  
eral Diaz found many adherents when  
he entered Vera Cruz, including some  
of the troops; but the government is  
informed that the Nineteenth infan-  
try and the artillery remain loyal.

Colonel Gutierrez, commanding the  
loyal troops, notified the government  
that he will resist.

**To Mobilize Army.**

The two forces are now in the city  
of Vera Cruz, and street fighting is  
imminent. President Madero has or-  
dered the mobilization of 3,000 regu-  
lars to proceed against General Diaz.  
The arrest of alleged partisans to Diaz  
in Mexico City is expected momentar-  
ly.

The government has instructed the  
railroads into Vera Cruz to withdraw  
all equipment—the Mexican to Orizaba,  
the Inter-oceanic to Jalapa, and the  
Vera Cruz-Pacific to Tierra Blanca.

**Every Available Man Mustered.**

Believing that a great portion of the  
army remains loyal, President Madero  
has ordered every available soldier in  
the service, both regular and irregu-  
lar, into the lines which are being  
drawn about Vera Cruz, in an effort  
to crush, with the least possible de-  
lay, the new rebellion begun by Gen.  
Felix Diaz.

From Santa Lucrécia, on the Te-  
huacanepetec isthmus, General Zozaya  
has been ordered to move north. Even  
from the northern part of the republic  
General Blanquet has been summoned  
to the capital with the greater part  
of his forces to join the campaign against  
Diaz, whom the government regards  
as a greater menace than all other  
revolutionists.

**Weeps When Refused  
Part in Robbery; Man  
Aids in Gang's Arrest**

PORTLAND, Ore., Oct. 16.—Weeping  
because he had been refused permis-  
sion to participate in a robbery, a man  
attracted the attention of two detec-  
tives late last night.

"My pals wouldn't take me," con-  
fided the maulin one, "because I was  
drunk."

The detectives followed him until he  
met Thomas O'Brien, alias Murphy,  
whom they arrested on the charge of  
having held up a street car and shot  
a passenger.

O'Brien, in turn, confessed, the police  
say, bitterly denouncing a third man,  
whom he accused of helping to rob the  
car, and then joined in the pursuit to  
locate him.

**Asked to Take Drink,  
Stranger Holds Up His  
Prospective Guest**

PORTLAND, Ore., Oct. 16.—A tall  
stranger dropped into a saloon on the  
outskirts of this city early today and  
invited the six patrons of the place to  
"step up and have a drink." All  
acquiesced with alacrity. When the  
refreshments had been served, includ-  
ing a drink for the bartender, the  
genial stranger said:

"Now stick up your hands."  
All at once complied without a second  
invitation.

The stranger got \$30 and departed.

**EARL BYRON BADLY HURT  
IN DENVER AUTO ACCIDENT**

Earl Byron, a machinist of 409 Third  
street, Colorado City, was run down by  
an automobile in Denver late last night  
and severely injured, according to a  
telegram received by the local police  
department at 2:30 o'clock this morn-  
ing. The message gave no details of  
the accident nor the nature of the  
injuries. Relatives in Colorado  
City have been notified.

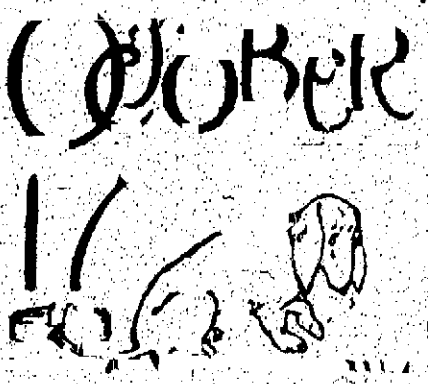

**Chemist Says Bullet  
Contained No Poison**

MILWAUKEE, Oct. 16.—There was  
no poison in the bullet fired at Colonel  
Roosevelt from the gun held by John  
Schrank.

This was announced today by Prof.  
R. E. W. Sommer, analytical chemist,  
who made a test of bullets still remain-  
ing in the chamber of the revolver.

**Funmaking in Fine Form**

George Ade, Wallace Irwin, Edna  
Fisher, Franklin P. Adams, George  
Fitch, Bert Loston Taylor—a few of  
the famous funmakers whose "copy"  
will soon bring the smile to the readers  
of this newspaper. Interested in the  
presidential fight of 1912.

**IF THIS IS YOUR BIRTHDAY**

Guard against accident and do not  
scorn to notice small details. After a  
while, your year will be successful and  
pleasant. Friendships will be made. In  
these be considerate.

Those born today will be inclined to  
act upon hasty judgment and will  
meet with many misadventures. They  
will be quick to learn and their experiences  
will often teach them to be careful.  
Later in life they will be more fortu-  
nate.

**ROOSEVELT IMPROVED**

(Continued From Page One.)

graph shows an extraordinary spread  
and arch to the uninjured ribs, indi-  
cating the unusual size of the colonel's  
lungs and development of his chest.

The fracture of the rib explained the  
pain which Colonel Roosevelt felt in  
breathing deeply.

The impression grew today that  
Colonel Roosevelt would be able to do  
little or nothing more in the campaign.  
Although the colonel expressed the  
hope of leaving for Oyster Bay on  
Sunday, it is probable that he will be  
compelled to remain in the hospital at  
least a week longer. And that, after  
his arrival at home, he will not be  
permitted to plunge into the cam-  
paign again. Associates of Colonel  
Roosevelt said he was showing no  
concern as to the possible effect of his  
removal from the field of battle.

**Desires to Make One Speech.**

It is Colonel Roosevelt's desire to  
make at least one more speech before  
election, and that in his own state of  
New York. If he can do nothing else,  
he hopes to speak in Madison Square  
Garden.

There was little in the appearance of  
Colonel Roosevelt to indicate that he  
was not in his usual health. His face  
has not lost its color, and as he sat  
propped up with pillows, he moved  
about easily, and apparently was free  
from pain. As he talked he used his  
characteristic gestures, although with  
perhaps less vigor than usual, and at  
times his laugh could be heard in the  
corridor outside.

Relieved from politics for the first  
time in months, he seemed to enjoy  
his care-free state, and to be deter-  
mined to make his stay in the hospital  
an enjoyable vacation. His three chil-  
dren, who are in Chicago, dropped in  
to see him three times during the day.  
Mrs. Roosevelt would not permit them  
to remain long, lest her husband tire  
himself.

**Davis Exiled to Corridor.**

Once more, this afternoon, Mrs.  
Roosevelt found G. K. Davis, secretary  
of the Progressive national committee,  
in Colonel Roosevelt's room. He re-  
mained there only a few seconds after  
the appearance of Mrs. Roosevelt, who,  
without debate, exiled him to the cor-  
ridor.

The nervous tension of yesterday  
was somewhat relaxed today. The few  
persons who were admitted to the cor-  
ridor near Colonel Roosevelt's room,  
on the third floor, spoke in natural  
tones, instead of in low whis-  
pers. When the score of the baseball game  
in Boston began to come in by in-  
nings, Colonel Roosevelt was almost  
forgotten for a time.

On the street outside the hospital  
there was less of a crowd, and at times  
only news reporters and correspondents  
were to be seen. There was one ex-  
ception in the person of a young girl,  
who took up a position at the main door  
of the hospital early in the morning  
and remained there until after dark.  
As soon as she arrived she sent word  
that she must see Colonel Roosevelt.  
She was told that her request could  
not be granted, and replied that she  
was going to stay there until she did  
see him. She remained at her post

**Messages of Condolence.**

Messages of condolence continued to  
pour in today from all parts of the  
world. One from Samuel Gompers  
said:

"Upon learning of the unfortunate at-  
tack upon you, I was too much shocked  
to find expression. I join with the  
multitude of organized labor, in com-  
munion with all our people who are profound-  
ly hoping for you, and expecting your  
speedy recovery."

Colonel Roosevelt thanked heartily at  
a message from three of his athletic  
friends, which read:

"The Bull Moose League of Athletes  
expresses to you its deepest sympathy  
and trusts that our athletic Bull Moos-  
e will soon be restored to us. Com-  
municate to Johnny Davis, Evelyn Shepard  
and Michael J. Ryan."

Colonel Roosevelt's old friend, Father  
Curran of Wilkes-Barre, Pa., arrived at  
the hospital late in the day, having  
come from Battle Creek, Mich., to see  
the colonel. Colonel Roosevelt talked  
with him for a quarter of an hour.

**"Bully for You, Bat."**

Kinn Victor Emmanuel sent a cathe-  
dram in Italian which no one at the  
hospital could decipher. President  
Fallieres of France cabled:

"I congratulate you most sincerely  
on having happily escaped. I pray that  
you accept my best wishes for speedy  
recovery and the expression of my  
whole hearted sympathy."

From the Crown Prince and Princess  
of Germany:

"Hope you will soon recover."  
From Cardinal Gibbons:

"Profoundly shocked by attempted  
assassination. Believe at the prospect  
of your speedy recovery. May God pro-  
long your life."

From Masterman, the former for-  
eign minister, telegraphed:

"The bullet has not yet been mounded  
that can kill a man of your strength  
of body and character."

Colonel Roosevelt exclaimed: "Bully  
for you, Bat."

Justice Hughes of the United States  
supreme court, Senator Root of New  
York, Oscar Straus, Progressive can-  
didate for governor of New York, and  
Lord Curzon also sent messages.

**James Would Be Bodyguard.**

Frank James, said to be a brother of  
Jesse James, offered his services as a  
bodyguard for Colonel Roosevelt today. In a message to the  
colonel, James said:

"After my services as one of 100  
men as a bodyguard for the remainder  
of the campaign. Choose for yourself  
and allow me to name myself, nick-  
name 100. Would choose no one who is  
not willing to go into eternal darkness  
for you if necessary."

**Remarkable Recovery  
From Tuberculosis**

The following statement from Har-

1910:

"About a year ago I was taken with  
a cough, which gradually grew worse,  
until I became sick and had to give up  
my work. Our family physician pro-  
nounced it tuberculosis. On May 23,  
1910, I began taking Nature's Creation.  
I have taken three bottles, and I am  
now able to go back to work. I can  
not say too much for what Nature's  
Creation has done for me, and I only  
hope it will help others as it has me.  
Respectfully, Harry Cuykendall, 1045  
W. 13th Street, Indianapolis."

**TWO YEARS LATER.**

On April 30th, 1912, Frank Cuyken-  
dall, the father of this young man,  
stated that his son was enjoying the  
best of health and working every day,  
thanks to Nature's Creation. Three  
days before he began taking Nature's  
Creation his sputum was examined by  
the Board of Health and germs found.

**Perhaps You Met Her Too  
in Colorado Springs**

Ashley, O., Oct. 1, 1910.

It is a pleasure to me to have the  
privilege of telling to others what  
Nature's Creation has done for me.  
Was advised by my family physician  
to go to Colorado, which I did. Im-  
proved for a while then took a re-  
lapse. My cough grew worse, lost my  
voice and was losing flesh. My physi-  
cian in Colorado said that my voice  
was permanently gone. I need not say  
that I was discouraged, in fact never  
expected to see home or friends again.  
I commenced taking Nature's Creation  
and in two weeks could speak aloud,  
and in six weeks was able to return  
to Ohio. Have improved right along  
and gained twenty pounds.

To the Public:

Some six months ago when I began the treatment of  
"Nature's Creation," I was suffering from severe hemorrhages  
and a general breakdown physically. I commenced improving  
while taking the first bottle of the medicine and am now back  
to my normal physical condition.

I cheerfully recommend this medicine to all who are suf-  
fering from this disease, for it will certainly save you from  
an untimely death.

**Conquered Asthma in  
Five Weeks**

June 18, 1912.

Gentlemen—I have taken Nature's  
Creation for five weeks. The third day  
after I took it I felt relieved. I have  
no more cough or pain and sleep well.  
For six months I was in bed most of  
the time and could not sleep well. Had  
to sit up in bed most of the time. I  
never felt so well in thirteen years,  
and I do now, since taking Nature's  
Creation. I can't get enough to eat,  
and am able to do anything that I  
wish to do. I want to thank you for  
your treatment.

This Denver Asthmatic**

Denver, Colo., Sept. 30th, 1912.

Mr. C. J. Dorland:  
Room 304 Century Bldg.,  
Denver, Colo.

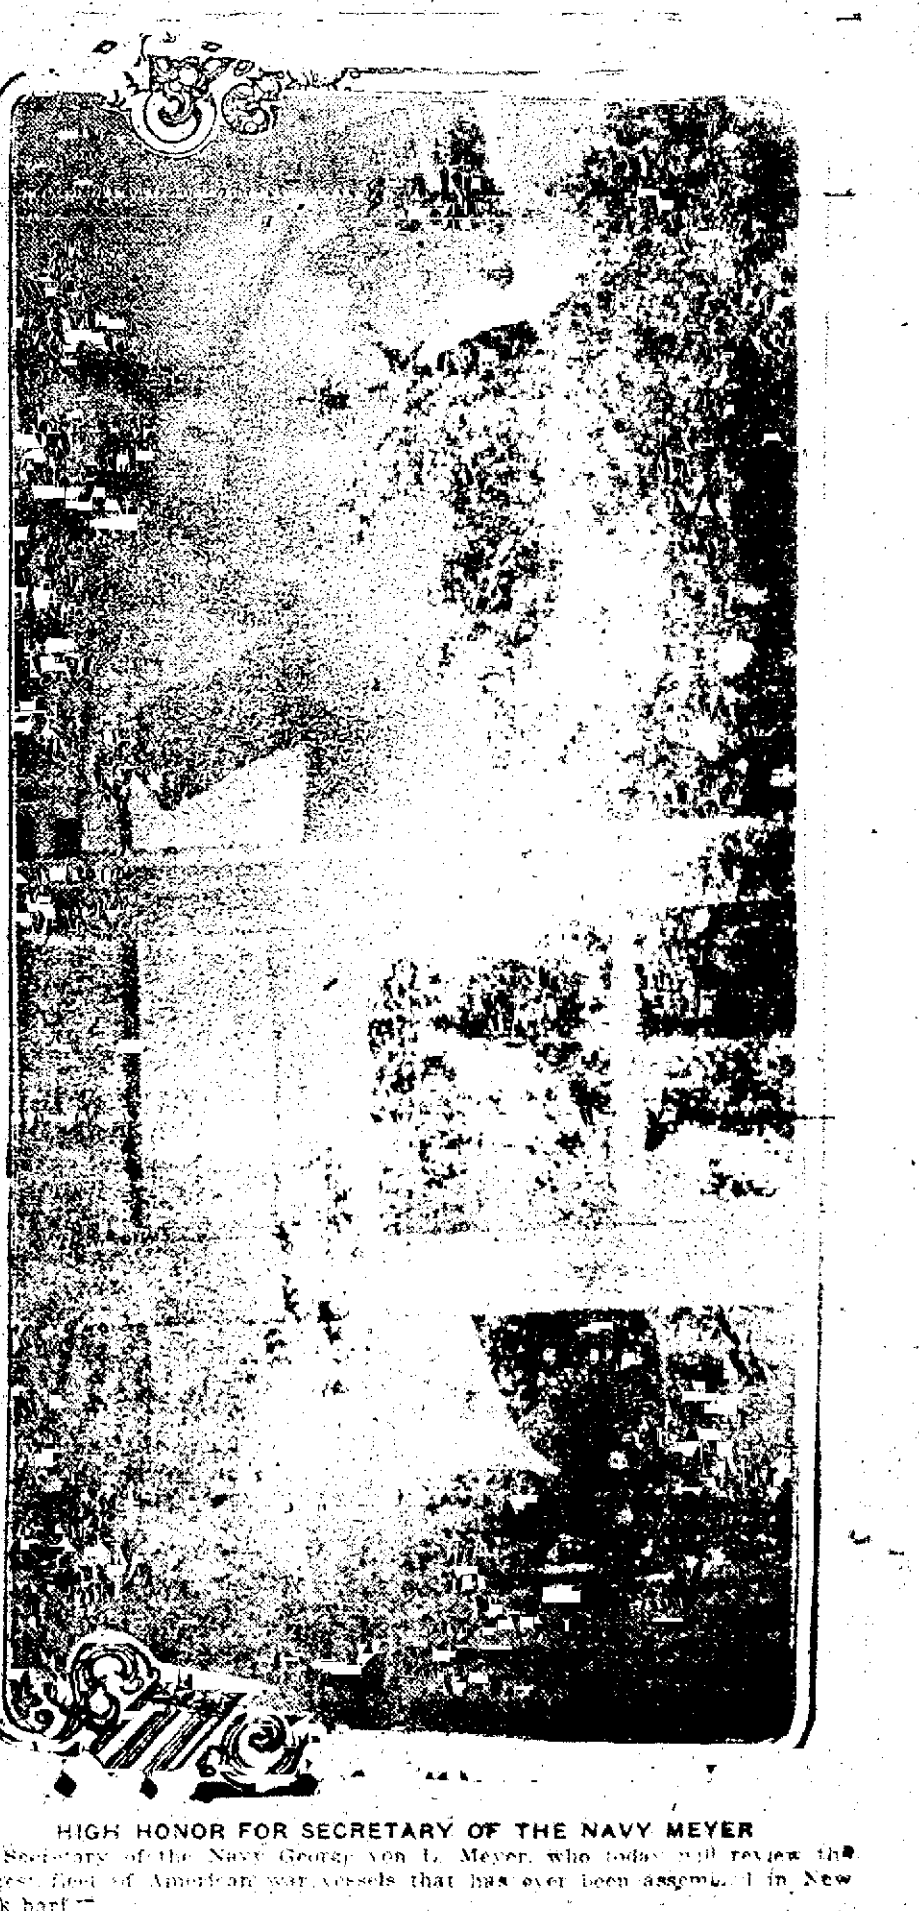

My Dear Sir:

For years my wife has been a suf-  
ferer from asthma. She has had  
coughing spells and asthmatic attacks  
for several months. We have used a  
half dozen remedies, but none would  
give a relief longer than a short time.  
A week ago she got her first bottle of  
NATURE'S CREATION and began  
taking it.

The improvement began with the  
first day. It has stopped her cough.  
She has for the first time in months  
slept through a night without an at-  
tack. In fact, she has had but one  
attack, a slight one, since she began  
to take the medicine. This attack was  
due, I believe, to an indiscretion in  
eating.

The results have been like magic. I  
am recommending this medicine to  
friends of ours who are similarly suf-  
fering. Take the greatest pleasure in  
reporting her improvement, which for  
a week of treatment I consider marvel-  
ous. Very sincerely yours,

### CHAMP CLARK TO SPEAK IN SPRINGS OCTOBER 25

Champ Clark, speaker of the national house of representatives, and defeated candidate for the Democratic nomination for president, will speak in Colorado Springs Friday afternoon, October 25, according to word received yesterday by Mayor Avery from George T. Bradley, Democratic state chairman. Mr. Clark will arrive here at 2:45 from Denver, and, after his address, will go to Pueblo to speak in the evening. From Pueblo he will go to Kansas City. Chairman Lyons of the local campaign committee will have charge of the arrangements.

### Nickel Telephones May Be Abolished

Nickel telephones may be abolished in Colorado Springs and a low residence rate adopted, if recommendations of Mayor Avery are carried out. Power of the city to enforce such regulations will be investigated by the city attorney, probably in the immediate future. A communication from the division manager of the telephone company was read at the city council session yesterday. He stated that the "nickel-first" telephones were installed to improve the service, and saved much time for patrons in making connections. City officials object to this type of telephones on the ground that emergency calls to the police and fire departments might be delayed when persons calling might not have the nickel handy. The company replied that such cases are remote, and that subscribers could be educated to have a supply of nickels handy.

### POLICE WANT NEW LAW TO CONTROL SPEEDERS

Chief of Police Burns yesterday declared that he will guarantee to stop automobile speeding, and accidents caused by it, if the council will give him an ordinance like that in Los Angeles. The present ordinance is ineffective, the chief says, because speeders do not mind small fines, and the only way to stop speeding is to provide jail sentences. A copy of the Los Angeles ordinance, recently received by the chief, was referred to Leonard E. Curtis, president of the Automobile club, who intends to study it, and it is probable some recommendations may be made.

### CITY SAYS CARETAKER'S HOUSE MUST BE MOVED

The Colorado Springs Light, Heat and Power company will be ordered to have the caretaker's house near the highway house to a point below the intake, where there will be no danger of pollution of city water. A resolution to this effect was adopted yesterday by the city council. Notice for removal of the house was served on the company several months ago, bringing the reply that several thousands of dollars had been spent on improvements there a few years ago, which were then satisfactory to the city council. The company stated that it did not think it should be compelled to go to further expense.

### E. D. MARR IS NAMED ON CIVIL SERVICE BOARD

By a vote of three to two, the city council yesterday elected E. D. Marr a member of the civil service commission, over R. C. Wright, a carpenter, endorsed by the Federated Trades council and various local unions. Marr succeeds Dunbar K. Carpenter, who resigned.

#### Household Economy

How to Have the Best Cough Syrup and Save 50¢ by Making It at Home.

Cough medicines, as a rule, contain a large quantity of plain syrup. If you take one pint of granulated sugar, and 1/2 pint of warm water and stir about 2 minutes, you have as good syrup as money could buy. If you will then put 2 1/2 ounces of Pinex (50 cents worth) in a pint bottle, and fill it up with the Sugar Syrup, you will have as much cough syrup as you could buy ready made for \$2.50. It keeps perfectly. And you will find it the best cough syrup you ever used—eaten in whooping cough. You can feel it take hold—usually stops the most severe cough in 24 hours. It is just laxative enough, has a good tonic effect, and taste is pleasant. Take a teaspoonful every one, two or three hours.

It is a splendid remedy, too, for whooping cough, croup, hoarseness, asthma, chest pains, etc. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in vitamin, and all the healing pine elements. No other preparation will work in this formula. This recipe for making cough remedy with Pinex and Sugar Syrup is now used and prized in thousands of homes in the United States and Canada. The plan has often been imitated but never successfully. A guarantee of absolute satisfaction, or money promptly refunded, comes with this recipe. Your druggist has Pinex, or will get it for you. If not, send to the Pinex Co., Ft. Wayne, Ind.

## THE ANTISALOON LEAGUE WITHDRAWS OPPOSITION TO HOME RULE MEASURE

City Attorney McKesson returned last night from Denver, where with former Mayor Hall he conferred with Attorney General Griffith and President McLaughlin of the Antisaloons league, on the proposed home rule amendment, which will be voted upon at the November election.

"The conference was most satisfactory," said Mr. McKesson, "and we left them fully satisfied that the proposed amendment would not change the status of the liquor question in cities under charter government."

"They had had the impression that the amendment would supersede the local option laws in the state, but after investigating the proposition with attorneys of Colorado Springs, Pueblo and Grand Junction, they decided to let the matter stand. The outcome will be that they will send out letters to all temperance workers that they can safely support the amendment."

"The proposed amendment not only affects the liquor traffic, but confers upon cities the rights they should have for efficient government in election of city officers, the right to call nonpartisan elections and control over issue of municipal bonds and police regulations, all of which now comes under jurisdiction of the general laws of the state, under a recent decision of the Supreme Court. The new amendment will forever set all rest all questions on these matters."

### Ticket Is Filed by County Socialists

The Socialist party of El Paso county filed a legislative and county ticket in the office of the county clerk, yesterday at noon. The list of candidates follows:

State senator—Harry C. Darragh, Colorado Springs.  
State representatives—A. G. Bernat, Colorado Springs; John Wood Smith, Colorado Springs; F. D. Hahnenkratt, Husted.  
County judge—J. W. Ruzbee, Colorado Springs.  
Sheriff—J. V. Smith, Colorado Springs.  
Treasurer—W. E. Modersohn, Colorado Springs.  
Clerk—William Hemenway, Colorado City.  
Assessor—Joe P. McNulty, Colorado City.  
Commissioners—Leo Brewer, Colorado Springs; Joe A. Ennis, Colorado City.  
Surveyor—C. Hansen, Colorado City.  
Superintendent of schools—A. C. Blair, Toder.  
Coroner—A. G. McQuinn, Colorado City.  
Justice of the peace for Colorado Springs precinct—Dan Storey, Paul J. Phelps.  
Constables for Colorado Springs precinct—George Collier, Clyde Lovett.  
Justice of the peace for Colorado City precinct—W. A. Chester, C. J. Davis.  
Constables for Colorado City precinct—Fred Lewis, O. W. Barney.  
The campaign committee comprises Harry C. Darragh and M. J. Acton of Colorado Springs and Joe P. McNulty of Colorado City.

### SAYS AMERICAN CITY BUILDERS LEAD WORLD

That the civic advertising organizations of the United States have been the most prominent factors, not only in the development of municipalities along commercial lines, but that they have been in the front rank in municipal improvements and beautifying schemes, is the statement made yesterday by Fritz Lang, commercial agent of Wurzburg, Germany. He is what would be called in American society the Wurzburg chamber of commerce, and is visiting here, en route to San Francisco from Boston, where he attended the convention of National Association of Chambers of Commerce.

"When one considers that it has taken many German cities hundreds of years to reach their present state of progress, and that the majority of American cities have grown as much in from 50 to 75 years, we of Germany can tip our hats to American city builders," said the visitor.

It is amusing to see the competition between American cities for conventions, factories and the like. It is a new sight for me. It shows the tremendous competition in America, not only in business, but even in city advertising. You people rush up, and in the hurried transaction of affairs many half-baked plans are adopted, many semicompleted schemes are rushed through, with bad results. We in Germany think more over our important matters.

"What do I think of the Socialist movement in Germany?" I don't think. The German Socialists do that for themselves. They will be heard from before long," added Mr. Lang.

### CITY FORESTER WILL GIVE LECTURE SERIES

City Forester Fred F. McKown has received an invitation from Prof. W. J. Merrill, head of the forestry department of the University of Nebraska, at Lincoln, and dean of the faculty, to deliver a series of lectures at the university on forestry. The lectures probably will be delivered during the winter.

### ALLEGED OPIUM JOINT TO BE ORDERED CLOSED

An alleged opium joint, near the corner of Huerfano street and Colorado avenue is a resort for drinking and betting, and is being sought by a laundry conducted by a Chinaman in the second floor of the building, according to complaints received by Mayor Avery. Within two weeks a raid will be made on the place, and the joint ordered closed.

### WILL NAME COMMITTEE ON BROTHERHOOD UNION

A committee of five is to be appointed by Altheon Hayes of the Congregational Brotherhood, chairman of the proposed federation of church brotherhoods, to meet committees from the various brotherhoods to perfect plans for the organization. A meeting is to be called at an early date.

There seems to be no likelihood of exterminating the alligators of Colorado, no matter how great the slaughter, as each female lays about 100 eggs a year.

### Personal Mention

Patrol Driver Barbee and Detectors Pinnebeck and Gast were in Denver yesterday to attend the carnival.

Dr. and Mrs. M. Sabersheim of Berlin, Germany, are recent arrivals in the city and are registered at the Antlers hotel.

Mr. and Mrs. Charles Johnson, Mr. and Mrs. J. M. Garber, Mr. and Mrs. P. M. Baker and Mrs. J. S. Post left yesterday for West Palm Beach, Fla., to spend the winter.

George H. Paul of the Paul Investment company, Washington, D. C., and who recently purchased heavy holdings of San Luis valley lands from Colorado Springs capitalists, arrived here yesterday for a business visit. He was accompanied by Mr. and Mrs. R. E. Shannon of Hotchkiss, Colo.; Mr. and Mrs. C. C. Pratt and S. M. Levenich of Rock Island, Ill.

H. M. Cottrell, agricultural commissioner for the Rock Island, was called to Chicago yesterday for an important conference with officials. He will return here next week in time to take charge of the special dairy train to the Kansas line, which the railroad will send out.

### The Economy

Of the freshly roasted coffee from this store, of Derr's should be sufficient cause in itself for a trial order.

You do not have to bother about some certain brand—tell us the price you wish to pay, we'll see that you receive the blend.

At the same price you must get a superior coffee from here, for it is freshly roasted by our special dry-roast process.

Then there is ten more cups to the pound when your coffee comes from this great specialty store instead of through middlemen.

## BIG MAGAZINE WRITERS ENTER THE CAMPAIGN

### VARIED VIEWS FOR READERS OF THIS NEWSPAPER

#### \$15,000 IN "COPY" AS THEIR PARTY CONTRIBUTION

Richard Harding Davis, George Ade, Hamlin Garland, Gouverneur Morris, John T. McCutcheon, Jane Addams, Wallace Irwin, Frederick Palmer, Edna Ferber, Inez Haynes Gilmore, Richard Washburn Child, Jesse Lynch Williams, and twenty other stars to write articles in a whirlwind October campaign.

Beginning at an early date the Gazette will begin publication of one of the most interesting features—perhaps the most interesting—which was ever included in the journalistic work of a national political campaign. Every day during the remainder of the campaign it will publish a special feature by one or another of 26 great magazine and newspaper writers of national reputation. There will be news reports of actual political happenings by such great reporters as Richard Harding Davis, C. P. Connolly and Richard Washburn Child; views and reviews by such heavy thinkers as Herbert Croly, William Allen White, Samuel Merwin and Jane Addams; humorous sketches by such laugh-provokers as George Ade, Wallace Irwin and George Fitch; imaginative writings by such creators of popular fiction as Edna Ferber, Inez Haynes Gilmore, Gouverneur Morris and Hamlin Garland. Never before, probably, in the history of American publication has any magazine or newspaper been able to put forth a seasonal announcement in clauding so many eminent names. It will appear simultaneously in a syndicate of newspapers covering the whole country, but the Gazette will publish it exclusively in this city.

This feature is unique in another way. These eminent writers, who get from \$250 to \$1,000 for a single magazine or newspaper syndicate contribution, are not receiving a cent of pay.

They are giving their services free. And all that is a story.

#### Pioneer Progressives.

The magazines and those who write for them have had a great deal to do with the growth of so-called insurgent and progressive ideas in the United States. When the new Progressive party was formed, it was discovered that most of the writers had stamped with the new flock. Several of them wrote in to headquarters in New York to offer their services; and Frederick Palmer reported in person. "A lot of the boys are with you," he said. "Why don't you make use of them?" Headquarters warmly approved of the idea, but in the rush and hurry of creating a working party organization out of nothing, it lay forgotten until Richard Harding Davis and Will Irwin arrived from different directions, each burning with a desire to do something. Irwin had another suggestion—a syndicate, furnishing matter regularly to newspapers all over the country. This happened all over except on September 13, within seven weeks of the end of the campaign. "But it's dreadfully late," objected headquarters. "That's all right," said Davis. "Then we'll be finished before we get tired." Forthwith they sat down to talk it over. It was agreed that Irwin, who has been managing editor of a magazine and knows some thing of newspapers, had better take charge. He opened an office within an hour, and in 15 minutes more had caught C. P. Connolly on the telephone.

and signed him up. At the same time, Davis was in the act of buttonholing Gouverneur Morris and getting his pledge for copy. It was two days before they had gathered enough names to make the project a certainty, but when the office closed on Saturday night they had signed up 18 writers, and within five days the list had grown to 25. It isn't closed yet, by any means. Some of the ardent supporters are still on vacation in Europe and the mountains, and have not yet been reached, but here are the 25:

#### Look 'Em Over.

Richard Harding Davis, famous not only for some of the classic American fiction, but for his work as a war correspondent and general magazine reporter; George Ade, whose "Fables in Slang" and comedies have made him the American success; Hamlin Garland, the original western writer; Gouverneur Morris, unexcelled among contemporary American writers as a teller of stories; John T. McCutcheon, cartoonist of the Chicago Tribune, preeminent in his line and almost as good as a writer; Jane Addams, "the most eminent woman in America"; Wallace Irwin, probably the best contemporary writer of light verse, and famous also for the "Japanese Schoolboy" papers; Frederick Palmer, novelist and war correspondent; Edna Ferber, who jumped into fame only last year with her "Emma McCassey" stories; Inez Haynes Gilmore, who writes with one hand the witty, realistic "Phoebe and Ernest" stories and with the other stirring articles on the future of her sex; Richard Washburn Child, an artistic fictionist when he isn't being a journalistic thorn in the flesh of the wool trust; Jesse Lynch Williams, fictionist, playwright and biographer of President Cleveland.

#### Stop, Look and Listen!

Let's make a paragraph here and stop for breath, because this is only half the list. To proceed now: Dr. Woods Hutchinson is the muckraker of the human inside, the great popular authority on disease and hygiene. He has views, also, on the sanitation of the body politic. C. P. Connolly wrote the story of Montana, and he has been writing since vigorous articles on certain gentlemen who juggle the cards and load the dice on the people. He is not related except by tribe to J. B. Connolly, famous for his stories of the Gloucester fishers and the Irish at home. If you ask in Chicago who "Franklin P. Adams" is, they say that he is the Bert Luster Taylor of New York, and in the metropolis they say that Taylor is the Franklin P. Adams of Chicago. Between them they are the best newspaper paragraphers since Eugene Field. Emerson Hough is a best-seller of out-of-doors novels who takes a whirl at muckraking now and then; Herbert Croly wrote "The Promise of American Life," perhaps the deepest political philosophy of this generation in America; Will Irwin, reporter, short-story writer and muckraker, is best known lately for his muckraking of certain newspapers which deserved the title; Walter Weir's standard work is "The New Democracy," a statement of progressive principles; Samuel Merwin has of late put that same philosophy into fiction in "The Citadel." He was also co-author with Henry Kittell Webster in "Columel K," called "The Epic of America at work." Webster has taken his own turn at article writing, and has been turning out his two good novels a year of late. J. C. MacFarlane, until a few years ago a clergyman in Kansas City, has been filling the magazine since Louis Evan Shipman, a novelist and playwright with a strong progressive streak in his work. J. P. Marquess is an authority on finance, William Allen White, since the beginning of this campaign, probably needs less introduction than any other writer in America. Judson C. Welliver has for years been hammering progressive principles from his correspondent's desk in Washington. Frank A. Munsey is not only one of the most successful publishers who ever broke into the newspaper and magazine field, but a vigorous writer; George Ade is about as funny a humorist as we have; he is taking time off to write for the syndicate, from his task of building a new newspaper in campaign times. Roy Norton is a novelist, short-story writer and reporter with a reputation on both sides of the Atlantic. Rufus Gilmore is a writer of mystery stories and of authority of his business at which most of our muckrakers are tilting. E. Van Zile is widely known for his stories and essays. Bureau Johnson shines in his wise and witty humorous verses. Harry Sullivan Edwards has taken a successful whack at every form of literature, including newspaper work; he is the man who, in 1904, seconded the nomination of President Roosevelt on behalf of the south; Harvey O'Higgins, after making his reputation by his touching, stirring and humorous stories of the Irish in America and the New York fire department, has of late turned his attention to muckraking, which he has done with equal force and skill. Henry Beach Needham, finally, is all muckraker, and when he does down to investigate a trust, that notorious body divides itself into its component parts—perhaps to assemble again like the grass snake, after and when. In that case, Harry has another job.

And these are not all—only the ones which the syndicate was able to gather definitely in the first five days of its existence.

## DENVER WILL ENFORCE INSPECTION ORDINANCE

The department of health, Denver, yesterday sent out the following notice, advising those who ship fresh meats to that city of the ordinance relative to inspection by the health department:

To farmers and others who are sending slaughtered carcasses to this city and county of Denver, of ordinance No. 40, series 1907, providing that all carcasses must have the head and all the viscera except the stomach, bladder and intestines, held by their natural attachments, and that all carcasses must be inspected before being sold.

We have provided an office at 1607 Blake street, for the inspection of such carcasses, hours 7 a. m. to 6 p. m. of each week day. When carcasses are exposed, the express companies will see that they are properly inspected before delivery.

In order to prevent the spoiling of carcasses, we wish to advise that immediately after slaughtering raise the lungs and liver so as to allow the air to circulate throughout while cooling, or the windpipe can be left attached to the head and the lungs can be removed from the body cavity and placed on the table before being wrapped. This still leaves the head and lungs attached.

This will be absolutely enforced on and after November 15, 1912.

## INFORMATION FOR USE ELECTION REGISTRARS

Valuable information for voters is contained in the following notification to registrars, issued from the office of the county clerk:

To the Registrars of Election:

We request that you read the following instructions very carefully, particularly the first:

1. Do not register any persons who are already registered in another precinct, but send them to the office of the county clerk, October 21, for change of registration.

2. No one is registered until he has signed his name in the registration book and taken the oath. It is not enough to hear it read; he must say, "So" at the close of the reading.

3. In order to register another, the person must be registered and personally known to the registrars.

4. Any person may register all the members of his family, including servants, provided they live at his address.

5. Any person may register three lodgers living at the same address as he does, but must take oath that they have lived there at least 30 days immediately preceding the day of registration.

6. To register another it is necessary to make oath to each registration, to sign the name of the person registered, and in the next column the person who registers another must sign his own name and address, or the registration is illegal. This must be done after each name.

7. If a person registers a member of his family he cannot register a lodger; if he registers a lodger, he cannot register members of his family.

8. The registrars must sign their names in the column provided opposite each registration, certifying to it thereby.

9. All registrations must be in ink.

10. If a member of the registration committee refuses to act, notify the county clerk.

11. Registration committees must sit from 9 a. m. to 9 p. m., Thursday, October 24.

NEW YORK, Oct. 16.—Two nonpartisan polls were recently made among the employees of the federal government at Washington. One was in the shops at the navy yard and the other in the bureau of engraving. The employees in both of these places are men in trades, and 80 per cent of them go home to vote. The results were as follows:

First poll, taken in machine shop, United States navy yard, Washington, Oct. 15, in the shop at the time, 62 machineists; they gave the following preferences:

For Roosevelt ..... 58  
For Wilson ..... 3  
For Taft ..... 1  
For Debs ..... 0

The bureau of engraving and printing poll was taken among plate printers, Oct. 15, in the shop at the time, 12 printers; they gave the following preferences:

For Roosevelt ..... 12  
For Wilson ..... 0  
For Taft ..... 0  
For Debs ..... 0

## SICK Women

When shown positive and reliable proof that a certain remedy had cured many cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are five letters from southern women which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

## LETTER FROM VIRGINIA.

Elliston, Va.—"I feel it my duty to express my thanks to you and your great medicine. I was a sufferer from female troubles and had been confined in bed over one third of my time for ten months. I could not do my housework and had fainting spells so that my husband could not leave me alone for five minutes at a time."

"Now I owe my health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier. Whenever I see a suffering woman I want to tell her what these medicines have done for me and I will always speak a good word for them."—Mrs. ROBERT BLANKENSHIP, Elliston, Montgomery Co., Va.

## LETTER FROM LOUISIANA.

New Orleans, La.—"I was passing through the Change of Life and before I took Lydia E. Pinkham's Vegetable Compound I was troubled with hot flashes, weak and dizzy feelings, headache and irregularities. I would get up in the morning feeling tired out and not fit to do anything."

"Since I have been taking your Compound and Blood Purifier I feel all right. Your medicines are worth their weight in gold."—Mrs. CASTON BLODDEAU, 1541 Polymnia St., New Orleans, La.

## LETTER FROM FLORIDA.

Wauchula, Fla.—"Some time ago I wrote to you giving you my symptoms, headache, backache, bearing-down, and discomfort in walking, caused by female troubles."

"I got two bottles of Lydia E. Pinkham's Vegetable Compound and a package of Sanative Wash and that was all I used to make me a well woman."

"I am satisfied that if I had done like a good many women, and had not taken your remedies, I would have been a great sufferer. But I started in time with the right medicine and got well. It did not cost very much either. I feel that you are a friend to all women and I would rather use your remedies than have a doctor."—Mrs. MARTIE HODNOT, Box 406, Wauchula, Florida.

## LETTER FROM WEST VIRGINIA.

Martinsburg, W. Va.—"I am glad to say that Lydia E. Pinkham's Vegetable Compound has done wonders for my mother, daughter and myself."

"I have told dozens of people about it and my daughter says that when she hears a girl complaining with cramps, she tells her to take your Compound."—Mrs. MARY A. BUCKENBERRY, 712 N. 3rd St., Martinsburg, W. Va.

## ANOTHER LETTER FROM VIRGINIA.

Newport News, Va.—"About five years ago I was troubled with such pains and bloating every month that I would have to go to bed."

"A friend told me to take Lydia E. Pinkham's Vegetable Compound and I soon found relief. The medicine strengthened me in every way and my doctor approved of my taking it."

"I will be glad if my testimony will help some one who is suffering from female weakness."—Mrs. W. J. BLAYTON, 1029 Hampton Ave., Newport News, Va.

### PROF. CARUTHERS AT THE SAVOY

Professor Caruthers' wonderful acts of hypnotism and mind reading have proved so popular with the patrons of the Savoy that he has decided to extend his engagement for a period of three days longer, and for today's feature will hypnotize a well-known young man of Colorado Springs, put him on an Ivers-Johnson bicycle, and

19:30 a. m. in the east window of Robinson's clothing store on the corner of Tejon and Huerta where he will vigorously pedal all day until 7:30 p. m., when Professor Caruthers will cause him to ride the bicycle to the Savoy theater, where he will awaken him on the stage.

While Professor Caruthers carries two young men with him to use as subjects, he prefers to work on strangers and every night a dozen or more young men go upon the stage, and after being put under the mysterious influence of hypnotism they perform all kinds of funny and laughable stunts, and do things that they, themselves, are very much surprised at when told of afterwards. Last night the professor had two subjects crowing and flapping like roosters, and so earnest did they become that they started a regular game fight, until the professor snapped his fingers at them and they awoke. Several other young men went down through the audience selling various articles. On tall Swede was making a specialty of baby elephants, and all of them found that they were indeed good salesmen.

The feature of the evening, however, was when Miss Alice, who travels with the professor as his assistant, was placed in a cataplectic state, in which condition she became very rigid; she was then suspended across two iron

horses and a large rock weighing pounds placed on her body. A selected from the audience broke rock with a

## **HUMAN BODY AS AN ELECTRICAL MACHINE**

In the Popular Mechanics Maga-  
zine does not fancy the human body  
as an electric dynamo, but if the heat  
muscular energy expended by an  
average man of sedentary habits were  
converted into electrical units, he'd  
find himself in possession of  
a valuable asset. It is proved  
a man uses up about two and one-  
half kilowatt hours of electrical energy  
working day. Approximately one-  
third of this amount is used to keep the  
temperature of the body constant,  
the other half is expended in  
other energy.

is amount of electricity may not  
be great, but it is sufficient to  
run four 25-watt tungsten lamps  
or candlepower each for 25 hours;  
run an electric flatiron for six  
hours; run a sewing machine motor  
for 100 hours; heat an electric toaster  
four hours; an electric heater for  
four hours; an electric curling iron for  
four hours; run a large fan for 32 hours;  
run a chafing dish for six hours.

To the keen observer the audience

which will be shown at the Grand

ling comment, the tense exclamation  
of "there he is," as some wild animal  
is brought to bay, the laughter  
at many comical incidents, as well  
as the delighted comment of the  
spectators as they pass out, all go to  
prove that this is an entertainment  
novel in its import and wide in its ap-  
peal.

During the six weeks spent at the  
water hole to which the animals come  
from a radius of some sixty miles, the  
eye of the camera recorded the actions  
in their natural state of practically  
every beast of the jungle and veldt  
which travels by day. There are as  
many of them, and the detail of this  
picture is so remarkable, that only  
several visits to the exhibition can  
review them all to the satisfaction of  
the spectators. To cite an instance,  
there passes in review a wart hog,  
said to be the most dangerous animal  
in the jungle. He is on the scene but  
a brief moment, and disappears almost  
ly in front of him, there is a glancing  
drinking, and thus many in the audi-  
ence miss seeing the smaller animal.  
A first view of the pictures gives the  
spectator an interesting impression of  
the results of the expedition, but re-  
curring visits will prove no less inter-  
esting, by reason of the detail upon  
which the attention will be centered.  
Mr. Rainey has demonstrated in these  
pictures, by the aid of a moving pic-  
ture camera, that entertainment, edu-  
cation and science can be combined in  
such a manner as to attract all sorts  
and conditions of people. These pic-

they proved a veritable sensation dur-

**CARNEGIE ALASKA-SIBERIA  
MOTION PICTURES AT THE  
GRAND NEXT WEEK**

The local playgoers seem to have  
taken a keen interest in the forth-  
coming engagement of the wonderful  
Carnegie Alaska-Siberia motion pic-  
tures at the Grand Opera house, three  
days next week, opening next Tues-  
day, October 22. Matinee daily.  
These remarkable films have gained  
the approval of New York, Chicago,  
Philadelphia, Pittsburgh and other large  
cities where they have been exhibited.  
About a year ago the directors of the  
Carnegie museum at Pittsburgh de-  
cided to investigate the customs and  
habits of wild animals of the frozen  
north. To head this expedition they  
selected Captain Kleinschmidt, the  
celebrated big game hunter, who has  
spent most of his life among the ma-  
jorities of the Arctic regions. The re-  
sults of his journey have been faith-  
fully recorded by the moving picture  
camera and will be graphically por-  
trayed on the screen.

The monsters of the deep are shown  
in their annual struggle for their  
mates, which often approximates a war  
of extermination. Polar bears were  
caught by the camera at play in isolation  
so complete that man was neither  
known, nor feared and his intrusion  
passed unnoticed until the hunters  
made bold to lasso one of the frisky  
brutes. Roping the wild terrier is one  
of the most remarkable pictures ever  
exhibited. The lord of the fowls is as  
slippery as an eel and the manner  
in which he evades the noose is start-  
ling to a degree. Huge herds of walrus  
on icefloes and sporting in the icy wa-  
ters of the Arctic are also shown in  
a lifelike manner. Much interest is  
centered about the picture, showing  
the brave fight a mother bear makes  
to save her baby bear from capture.  
The cub has been caught with a rope  
and the camera graphically portrays  
the almost human actions of the mother  
bear in trying to free her offspring  
from the rope with which it has been  
lassed. Two hours of wholesome en-  
tertainment is furnished by the won-  
derful pictures which are devoid of all  
brutal features.

All seats reserved. Prices 25 cents  
and 50 cents. Matinees 15 cents and  
25 cents.

## **BURNS NOTES**

**"THE PLAY OF THE SEASON"**

"Seven Days" is a very expensive  
bill, we hope it will receive the sup-  
port it deserves. Lots of good music  
and a night of fun surrounded by every  
possible comfort at our prices surely  
merits support.

Think of a man and his divorced  
wife and a girl who is pretending to  
be his wife, and a rich spinster and  
who thinks they are man and wife, and  
a real husband and wife, a burglar  
and a policeman, being shut in a house  
for a week with a quarantined guard  
watching to see that nobody gets out  
or in, the servants fled and no com-  
munication with the outside world ex-  
cept by telephone. That one week in  
quarantine makes "Seven Days," the  
farce that for two seasons played in  
New York city and which the Burns  
players are to produce at the Burns  
the coming week commencing on  
Thursday night, October 17.

"Seven Days" the current bill at the  
Burns, is a continuous three-act laugh,  
lasting about two and three-quarters  
hours. "Seven Days" is a clean cut  
comedy that depends entirely upon its  
cleanness and brilliancy of writing.

The Plot.

After Dallas Brown and his wife,  
a young couple, and Kit McNair, who  
comes from New York to do the  
juvenile and light comedy parts for  
the winter season, and Miss Claudia  
White, who will do the income rises.  
With Miss Wayne in the leading female  
role and Mr. Alinsworth in the  
leading male part, Mr. Cross and Miss  
Hart, and last but not least, Miss  
Percussion in the comedy part of Aunt  
Selma, the public will see something  
really new and different in its class and  
the most clever Burns players, and  
note the new set of prices. All the  
seats will be reserved at 10 cents.

**CLEVER BANK LOOPER, HE  
OPENS SAFES WITHOUT  
BOTHERING COMBINATION**

Coming to the Grand Opera house  
for an engagement of one performance  
only, Monday, October 21, is the much  
heralded and widely talked-of attrac-  
tion, "Alias Jimmy Valentine," which  
left New York only after two seasons  
of remarkable receipts and crowded  
houses.

"Alias Jimmy Valentine" can hardly  
need an introduction to local theater-  
goers. He has been too long promi-  
nent as a stage actor. The fame of  
the bold and clever bank looper, who  
could open a safe door with his sen-  
sitive fingers, but who was able to re-  
form and lead a clean life when the  
right sort of woman came along, has  
gone before him. Nevertheless it may  
be interesting to recall the fact that  
O. Henry, whose death a few months  
ago robbed America of one of its clearest  
and most original writers, was the au-  
thor of "A Retrieved Reformation,"  
and on this, with modifications, was  
the play, "Alias Jimmy Valentine,"  
composed by Paul Armstrong with

ghost and by playing hide and seek  
with the copper.  
James' wife has divorced him because  
he is inclined to be fat but she comes  
to regret it. When she returns to the  
house, with the clumsy excuse she is  
told that Kit McNair had become  
James' wife. She has the name to de-  
ceive his Aunt Selma, who furnishes  
him all his money. Kit's old sweet-  
heart, who still loves her, has to be  
deceived, too. Then the latter and  
James' former wife, without the man's  
knowing their previous relation, pose  
as being engaged.

All of these complications puzzle  
Aunt Selma almost to the point of col-  
lapse, until she discovers some secret  
lovetoken in the last act—that the  
burglar underlies her.

When, on the last day of the "Seven  
Days," it develops that the Jap serv-  
ant, who was taken to the pest house

## **GRAND OPERA OCTOBER 23**

An opera, brief, brilliant and deli-  
ciously to the point is "The Secret of  
Suzanne," the new work of Wolf-Fer-  
rari, that has been so unanimously  
indorsed by large audiences in Chicago,  
and New York. The opera of pro-  
nounced success during the past decade  
may be numbered upon the fingers of  
one hand, and this sparkling work easily  
stands first in the list. The com-  
poser has devised a score of much  
charm for a small string orchestra,  
giving music of the intimate kind its  
delicate values and poetic colors—vir-  
tues too frequently recommending itself to  
by the large orchestras. This feature  
will particularly recommend itself to  
music lovers. This score has melody  
attuned to the text of humor and sen-  
timent, as well as the potential play  
of pantomime. All of the roles are

## **HOW TO PRESERVE YOUTH AND BEAUTY.**

One great secret of youth and beauty for the young woman or the mother is  
the proper understanding of her womanly system and well-being. Every woman,  
young or old, should know herself and her physical make up. A good way to  
arrive at this knowledge is to get a good doctor book, such for instance, as "The  
People's Common Sense Medical Adviser," by R. V. Pierce, M. D., which can  
readily be procured by sending thirty-one cents for cloth-bound copy, addressing  
Dr. Pierce, at Buffalo, N. Y.

The womanly system is a delicate machine which can only be compared to the in-  
tricate mechanism of a beautiful watch which will keep in good running order only  
with good care and the proper oiling at the right time, so that the delicate mech-  
anism may not be worn out. Very many times young women  
get old or run down before their time through ignorance and  
the improper handling of this human mechanism. Mental  
depression, a confused head, backache, headache, or hot  
flushes and many symptoms of derangement of the womanly  
system can be avoided by a proper understanding of what to  
do, in those trying times that come to all women.

Mrs. C. H. Williams, of Lynnhaven, Va., writes: "It is six years  
since my health gave way. I had been able to do all the doctors  
I employed (three) said I would die. I was not able to do my work.  
I had to live someone all the time. Finally, I read in the papers about  
Dr. Pierce's Favorite Prescription, and decided to try it. I had not  
taken but one bottle until I found it had done me good. I took, in all,  
the bottles of 'Favorite Prescription' and I feel like a new woman.  
I have gained fourteen pounds. I advise all women who suffer from it  
to try your 'Favorite Prescription.' It's the only medicine on earth."

**PRESIDENTIAL ELECTIONS  
VI—CHANGING THE ELEC-  
TORAL VOTE.**  
By FREDERICK J. HASKIN.

(Continued From Page Eight.)

day of December, this time between  
the two leading candidates in the  
previous election. In the event of a tie  
in this second election it was to go  
into the house. In the choice of a  
vice president the procedure was the  
same.

If the present idea of some of the  
progressives of all the parties goes  
through, that of a presidential primary,  
the mode of selecting a president  
would then not be dissimilar to that  
proposed and fought for by Jackson  
and Benton more than three-quarters  
of a century ago. Their plan had the  
advantage of doing away with the elec-  
toral colleges, and yet retaining the  
proportional representation provided  
in the Constitution; while, at the same  
time, it created an elimination race  
that would let the final race be be-  
tween the two strongest men before  
the people.

Since Lincoln's day there has been a  
continual procession of amendments  
offered in the senate and house for  
a revision of the electoral system, but  
none of them ever has been able to  
muster enough voters to be submitted  
to the states. It appears that if we  
shall come to a time when two elec-  
tions will be necessary, one of them  
will be in the shape of a legalized pri-  
mary rather than an election under  
a constitutional amendment.

TODAY—PRESIDENTIAL ELEC-  
TIONS.

VII—Problems Yet Unsolved.

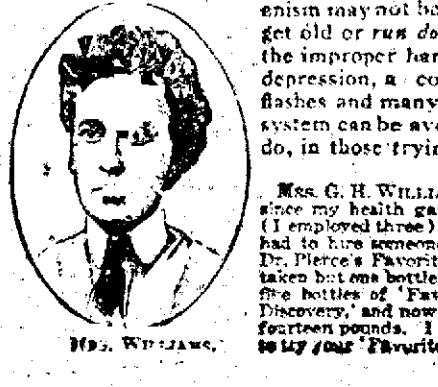

## **THE OLDEST ORDER**

From the Westminster Gazette.  
What is the oldest order in exis-  
tence? The claim is made for that of  
the Holy Sepulcher, the grand order  
ship of which has just been conferred  
by the pope on a member of the Irish  
Nationalist party, Sir Thomas Grattan  
Barnard. It appears that no date or  
the name of a founder can be assigned  
to the order of the Holy Sepulcher,  
though there is a legendary tradition  
that traces its origin to the time of  
charlemagne. In the middle of the  
last century, however, when the Latin  
Patriarchate of Jerusalem was re-  
established, the office of grand master  
of the order was transferred to it by  
Pope Pius the Ninth, who many years  
later, in 1888, created by statute three  
ranks of the order—the grand cross,  
commander and knight. The costume  
is a white cloak with the cross of  
Jerusalem in red enamel. The pope  
himself is grand master of the order.

## **GOLDEN GETS MOBILIZATION POINT FOR 50,000 SOLDIERS**

DENVER, Oct. 16.—The state guard  
rifle range at Golden is to be made a  
mobilization point with a capacity that  
will enable the entraining of 50,000  
troops, if necessary, in time of war in  
record time. Work is to begin im-  
mediately on a fireproof ammunition  
storage house, 100 by 75, reinforced  
concrete, where arms and hundreds of  
thousands of rounds of ammunition will  
be stored.

The money for construction has been  
set aside by the war department. The  
news was conveyed in a telegram re-  
ceived yesterday by Adjutant General  
Chase from the secretary of war.

## Garden Sage Darkens Faded Gray Hair, Stops Dandruff

The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which also restored the natural color.

One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company of New York, who has placed on the market a superior preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp, and thinning hair. The beauty of the hair depends more on its health than on its color. It is not a hair that grows, even shading than anything else. Don't have dry, faded hair, when a simple, harmless remedy will bring back the color in a few days, and don't be tormented with dandruff, itching scalp and loose, falling hairs. Wyeth's Sage and Sulphur Hair Remedy will quickly correct these troubles, and give color, strength and beauty to your hair.

Get a fifty-cent bottle from your druggist today, and prove this to your own satisfaction. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agents, Robinson Drug Co.

### CITY BRIEFS

TICKETS for "The Secret of Suzanne" on sale at the box office of The Burns.

PAY DAY—Yesterday was the regular monthly pay day for city employees, with the exception of the mayor and commissioners. About \$10,000 was distributed.

TAX REBATE—The city council yesterday rebated the water tax of Bethel hospital, amounting to \$50, with the understanding that the institution pay taxes after the first of the year.

SOCIALIST MEETING—Charles Ahlstrom of Denver, Socialist candidate for governor of Colorado, will speak next Sunday evening in Carpenter's hall, on "Socialism of Capitalism." Questions will be answered.

MARRIAGE LICENSES—Marriage licenses were issued yesterday by the county clerk to Edward O'Neil, 33, and Jessie Pender, 31, both of Sedalia, and W. Gaston Edison, 22, and Carrie D. Moraville, 25, both of Denver.

A LITTLE PREVIOUS—A letter of congratulations on the passage by the city council of the day of rest ordinance was received yesterday by Mayor H. F. Avery from Rev. W. H. Mulvaney of Sedalia. As the ordinance has not yet passed, only having been introduced, the letter reading, "congratulations," were not formally accepted.

WANTS KENNEL LICENSE—The city council yesterday morning referred to the finance committee the application for a kennel license from William Luchins, who runs a dog kennel on East Main street. No provision for kennel license is made by the ordinance, it is understood, but arrangements will be made for an adequate fee to be paid by kennel owners.

EXAMINATIONS will be held by the Civil Service Commission, City Hall, October 23, for water inspectors and barn men for the city of Colorado Springs. Application blanks may be filed with the commission until 5 p. m., October 24. These positions pay \$30 and \$25 a month, respectively. Adv.

GOES TO CHICAGO—A resolution adopted by the city council yesterday authorizes City Forester McKown to take a trip to Chicago, at an expense not to exceed \$100, to study apparatus used at the University of Chicago for tests for the presence of gas in soil. To determine whether city trees have been killed by gas, it was necessary to send samples of the soil to the Chicago laboratory for tests.

SMALL FIRE—Burning grass and weeds on a vacant tract near Cache la Poudre street and Wansatch avenue, early last evening, threatened the destruction of adjoining residences, but no damage resulted. The fire department was called to extinguish the blaze. The origin of the fire is not known. While this blaze was in progress, a false alarm was turned in from Cuchara street and Wansatch avenue.

### HALLOWEEN PARTY OCT. 30

The young ladies of St. Agnes guild will give a Halloween party for the benefit of the church, in the crypt of St. Andrews, Manitou, Wednesday evening, October 30, at 8 o'clock. Everyone is invited to attend. There will be the customary Halloween games, and, in addition, music and refreshments.

Mrs. J. C. Hastler, Grand Island, Neb., has something she wishes to say about Foley's Honey and Tar Compound. "My three children had a very severe attack of whooping cough, and suffered greatly. A friend recommended Foley's Honey and Tar Compound, and it did them more good than anything I gave them. I am glad to recommend it." The Robinson Drug Co., Adv.

### DR. GILL'S REQUEST DENIED

Dr. Gill of Denver, owner of residence property just outside the city limits, yesterday was denied permission by the city council to connect with the city sewer system. The health department reported that Dr. Gill had refused to pay a contract stipulating the payment of \$3 a year for sewer service, and that he wanted sewer service for nothing, as he does not pay city taxes.

### JUNIOR CLASS GIVES PLAY NIGHT OF DEC. 7

"The Good-Natured Man," one of Goldsmith's comedies, will be given by the junior class of Colorado college, at Perkins hall, Saturday, December 7, according to a decision reached by the class yesterday. Tickets for the cast have already started. P. B. Jackson has been elected manager of the play.

### News of Local Courts

The Pennell Lumber and Manufacturing company yesterday filed suit in the district court against John Pipka, E. J. Wilson and Edward P. Huffard, as trustees. Judgment for \$171.97 is asked against Pipka for building material. It is stated that Wilson is owner of premises on N. Hill, on which the material was used, and that Pipka was the contractor.

Action for attachment was filed yesterday in the county court by the Colorado Title and Trust company, against Clark Mellon, the Colorado Brick and

## YOU Can Make Your Cozy Home as Comfortable as a Mansion with

## THE Kindel DAY AND NIGHT PARLOR BED

HIGHEST AWARD AWARDED AT THE 1909 EXPOSITION

WITH the Kindel Parlor Bed you can make a few rooms do the duty of many without crowding or inconvenience of any kind.

The Kindel Parlor Bed is three complete, perfect articles in the form and at the price of one—a handsome daybed by day, a comfortable, full-sized bed by night, and a handy wardrobe all the time. It does not even suggest its three-fold purpose to the most critical observer.

The bedding is always in place, ready for instant use. Is easily changed in a moment from one to the other.

Made in all the different woods, styles and finishes, of the best materials throughout. Simple, positive, automatic action—cannot get out of order.

The Greatest Space-Saver for any Home.

A style for every taste—a price for every purse.

An interesting demonstration is being given this week.

### FAMOUS IN FABLES

Fine fun for the fun fanciers, with a laugh in every line, has been furnished for the favored readers of these columns by George Ade in his contribution to the presidential fight of the years.

Keep an eye open for the one of famous fables!

The length of railway lines of the world at the end of 1909 (the latest figures available) was as follows: Europe, 329,691 kilometers; America, 213,824; Asia, 99,438; Africa, 33,481; Australia, 30,318; a total of 1,006,748 kilometers. The average cost of construction a kilometer is \$16,718 for Europe and \$41,755 for other parts of the world, making the European cost \$25,293,900,000 and that of the rest of the world \$25,259,100,000.
